

FLUSHPLATE 125-A

FLUSHPLATE 125-A

The Flushplate 125-A performs like a hand-held controlled shot blast machine capable of achieving SSPC Sp. 11 cleanliness and is NAVSEA Approved. Employing the 3M Roto Peen hub, this tool maintains a consistent profile and is effective in knocking off any scale or surface rust that needs to be removed from any surface. The Flushplate 125-A has a cleaning swath of up to 3 inches and is capable of removing coatings within 1/4" of a vertical surface.
