Stud Cleaning System

400.100

400.105

Description

A device to clean bolts and studs ranging in size from 1/4" to 1". The stud cleaner is attached to a drill and driven by the drill motor. An 18 volt cordless reversible drill is recommended (not included). The drill must be equipped with a 1/2" or larger chuck.

Safety

- **Safety Gear** – Safety glasses and face shield are recommended.
- **MOS Warning** – Maximum operating speed: 500 RPM.
- **Situation** – Many safety precautions are situation dependent and can not be anticipated in advance. Possible precautions include fall protection, hearing protection or respiratory protection. Therefore, it is your responsibility to assess the situation and take precautions that are situation appropriate. Contact your safety officer for specific requirements.
